Prohibition State Platform.

The Prohibition party of Econose in delegate ties furnished by us convention assembled set torth the following as convention assembled set torth the following as the principles to which we are unsiterably committed and for the accoption of which as the pelicit of our attate and nation we will realously labor. First - We recentre Almighty Ged as the 12237 felsoverige of all entrons and peoples, from whoth the second of all entrons and peoples, from whoth and whose laws and human enactments should conne as the only sefery, happiness and prosperity for insikind.

Second—That we regard the constitutional contact was provided to the constitution of the langer traffic both in state our problebility of the langer traffic both in state and ention as the most tital and important political issue, realizing that said traffic is the case of crimes—the source of poverty, the nech county of labor, the fee of industry, the destroyer of private as well as public virtue, the great parrent of sectition, amorely, view, social and industrial dissovar and the fountain of all political correspition, and we pledge our fives, our feet where a duri sevent honor, on labor for its total.

sared of settling, masselve, view, social line and astrol of settling, masselve, view, social line and astrol disorder and the foundatin of all political correspond, and we pletige our lives, our feet and correspond, and we pletige our lives, our feet and our sacred honor to labor for its coffer maillaintion; or best endeavors to secure the election of officers who believe in the natively of a tobilition and will use their official power for the currence and thereof in the state and feation; and to that and we demand that the federalgovernment is that as a failt econstitutional power to prohibit the lingue frailit for Columbia, and especially in the serviciories. District of Columbia and especially in the serviciories. District of Columbia and especially in the serviciories. District of Columbia or the re-come stamps for the sale of disquors either in the irritories. District of Columbia or the states, where prohibition has been adopted, should be irritories. District of Columbia or the states, where prohibition has been adopted, should be issued, unless the applicant therefore has considered with the prohibition has been adopted, should be insent attractable in the same should be prohibition, and we protest against the government receiving a single penne of revound from the liquor traffic anywhere, and we demand that the prohibitory law of Keesen shall be amended so may readed the afforcement there of throughout the state was defective against the dram stops as well a the drag shop, "by providing for the scheme of the allocation of t the enforcement thereof throughout the state-more effective against the dram stops as well as the drug shop, "by providing for the science of the offending element, the intextenting liquers, by legal action denilar to proceedings regulars sunguled goods under the laws of the United States and as such other legislation as will not only close the open schools but the open drug shops in the state of Runsas. We are opposed to the submission of any proposition to repeal the probi-bition amendment, and we demand that courses shades but is a manufacture, the constitution of the United States prohibiting the manufacture, importation and sale of distilled and termetical inportation and sale of distilled and termetical factors for beverage purposes, to the states for their adoption or rejection.

Third—That we oppose offices with a life tenure; a justicary independent of the severament of these by the gavernment officials and are in favor of stripping our members of congress of federal patronage; to the legislation that discriminates in taxer of one section or mechass of citizens to the disadvantage of guother, to any system of tax-ation that increases the cast of the necessities of life; we are in favor of raising revenue by taxing the heavy burdens upon those who are able to best them.

Fourth—That we are in favor of the warestriefed

the ficacy burdens upon those who are able to best them.

Fourth—That we are in favor of the unrestricted colongs and use as corrected of both gold and ellver, and the use by the general government of the surplus in the treasury as fast as it accommists not necessary for the current expenses of the government, to the extinguishment of the publication, and that such gold and ellver currency be supplemented by the issuance of greenbachs enficient to meet the demands of trade and the wants of the people, and that the same be made a legal trader for all felias, public and private.

First—That we believe in the political equality of the excess and we demand that the legislature submit such an amendment to the people, for adoption or rejection to the constitution of the state as will accere to women equal political rights with men and we demand that polygony be suppressed by the judiciary, if it can, by the military if it must.

NAME, We melione the right of suffrance should

suppressed by the judiciary, if it can, by the inflator if it must.

Sixba-We collieve the right of suffrage should be an form throughout the United States in the election of all our national offices, gaarded by just and effected laws securing a fair ballet, an honest count and necurate expression of the popular with.

cler will.

Seventh—That we are opposed to all menopolics of every formeand character managed by the few to the detriment of the many to grants of public isads to expositions putting them beyond the reach of actual settlers. And inasumen is the right to enter upon and hold the public demain under the bornested and precention have is regarded as the settled policy of the country, we hold that those seeing homes should be permitted to settle upon the cause without interference or molesiation, and that all deputes in regarding to a satisfact, in the grant process of the production of the country of the production of the country of the production of the country of the permitted to settle upon the cause without interference or nodesiation, and that all deputes in regarding to the production of the country of of the for the settlement of all differences between capital and labor that produces it by arbitration under that uncertain rule that "whatsoever ye would that men should do unto you do ye even so unto them." Public efficials are called upon to do their duty. The desceration of the Sabath day is condemned. The importation of convict and puper labor is opposed. The W. C. T. U. is recognized as a potent ally, and the Prohibitionists declare, we "vote as we pray." The document appears in full in this issue and we advise our readers to peruse it.

We must not insult our moon by neglect, for it will give some aid to. Mercury on July 31st to August 2d in distributing showers, but principally in putting our atmosphere in condition for the very hot days to follow.

Men who think can soon understand the drouth periods described above. They are caused by Jupiter and if that was the only planet that has such influences, the drouth periods would be easily calculated, but we must take into a superior planets. Sat-

imay le mecessity to discounsemmen such practice.

Eleventh—That we sympathize with every proper effort of the wage carrier to improve his moral and financial condition, recognising that labor is the sacre of all real wealth, and that the "laborer is worthy of his hire," we view with alarm the entroachments of corporate capital upon the rights of labor, wherefore we decoard for the wage workers of our country, soft mule and female, a fair day's wage for a fair day's work, and we demand such legislation as will provide for the settlement of all differences between capital and labor that produces it by artitration under that uncerting rule that "whatsoever ye would that men should do us to you do ye even so us to those."

Twelfith—That we have no sympathy with the whining cry of many of our officials of inability to enforce the prohibitory lew because they are not encouraged by public opinion, and we call upon them to do their duty with the same fidelity and agility which they exhibit to breaking up a gambing pool, a nest of counterfeiters or the pursuit of a horse thief.

Thirteenth—That we behold with alarm the

of a borse thief.

Thirsenth—That we behold with alarm the growing desceration of the Sabbath day, and are thereby dimonished that it is our duty, both by precept and example, to use our best endeavors to preserve its sanctify, and we therefore demand that all statutes forbidding the desceration of this holy day shall be faithfully enforced.

holy day shall be faithfully enforced.

Fourteenth—That we are opposed to the importation of convict and panper labor and the acquisite of the public lands by allen absenters.

Fifteenth—That we recognize the W. C. T. U. as our most potent ally in the great work of reform in which we are engaged, and in our fight for God and home and native legal we invite the mothers, wives and daughters, the fathers, sons and brothers of this state, who are lived of hypocrisy and treachery, extortion and debanchery to unite with us in white great all these cells, and the parties that uplead, sanction and we for them, and we will ever pray for the success of these principles and "vote as we pray."
